

From the Desk of Randhir Manglick, Criterion Development Group LLC

Art Stone is highly knowledgeable, skilled and competent in his field, which is seen in his quality of work. His workmen are professional, reliable, courteous, and respectful. They have good work habits, strong safety orientation and emphasized getting the job done right rather than doing it fast. He remained closely involved in the overseeing the project from the start to the finish. His excellent attention to detail, strong organizational skills and commitment to follow-through are assets which enable him to juggle the extensive details involved in the project without missing a beat.

Throughout the project I was impressed with Robert's commitment to generating a top quality product, rather than maximizing his profit margin. I have been working with Art Stone for the last 6 years and am extremely impressed with his work and believe that exceptional work should always be recognized. I would never hesitate to hire or recommend him to anyone.
